

Peugeot Spirit™

Spirit™ from Peugeot and Allied Mobility

Spirit

Fully automatic internal lift

Spacious rear compartment

High quality restraint system

Passenger comfort

Space and Flexibility

Spirit

Available exclusively from Allied Mobility, the Peugeot Spirit™ combines excellent accessibility with bags of storage space, whenever you need it.

Based on the popular Peugeot Boxer, Spirit™ has been specially converted to accommodate a wide range of wheelchairs, scooters and powerchairs. Available in a choice of seating layouts, Spirit™ can easily carry a larger family or group, offer extra space for transporting vital equipment or provide a home

from home for essential daily care. Whether it's mobility aids, medical equipment or the hundred and one other things you need to take with you when you go out, Spirit™ has room for it all.

The spacious rear compartment also affords ample area for those times when you may need to administer care within the vehicle. You can also choose the number of rear seats required so you can relax and enjoy your journey with a carer or family members travelling beside the wheelchair passenger.

Accessibility & Safety

Spirit™ comes complete with an automatic internal lift and handy remote control. Both carer and wheelchair passenger will feel at ease entering and exiting *Spirit™* using the lift, which is smooth and easy to operate. Alternatively you can opt for a rear ramp, instead of the tail lift.

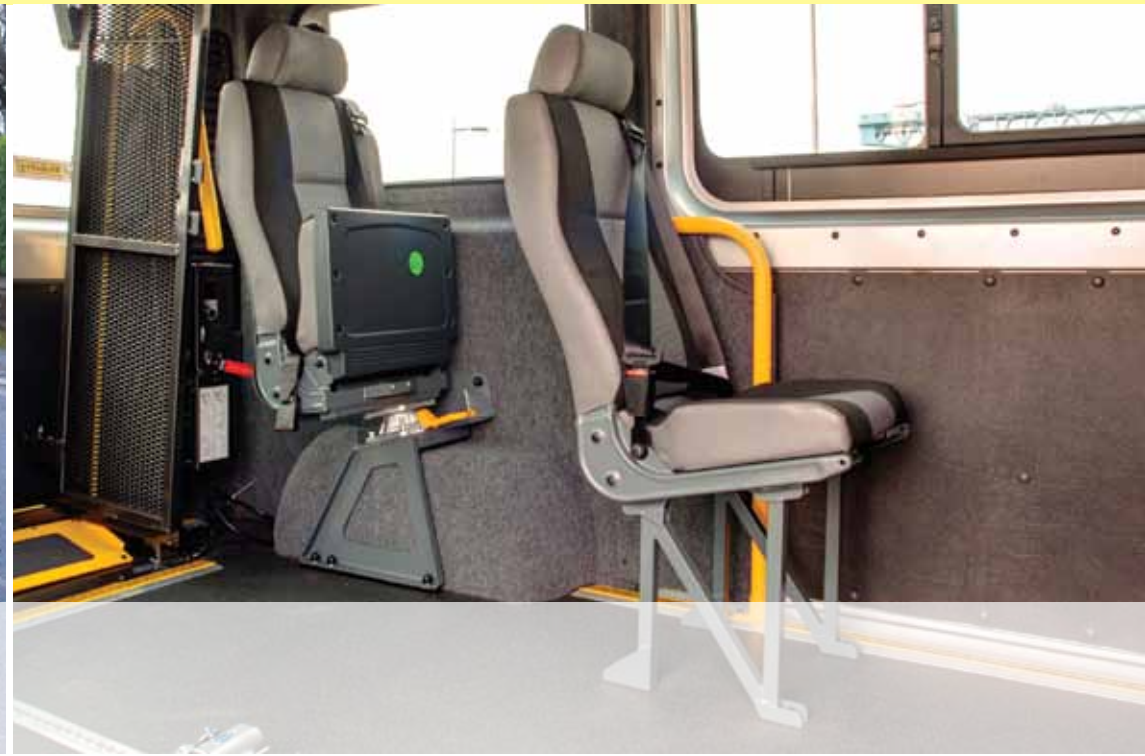

If required, you can choose a *Twin* model which accommodates two wheelchairs. You can also opt for the *Plus* or *Extra* models which have additional vehicle length to give added floor space for seats or storage.

The restraint system can be adjusted to secure different sized wheelchairs, powerchairs and scooters. *Spirit™* offers added flexibility as you can vary the position of the wheelchair passenger between the back and the front of the rear compartment, as preferred.

Lap and diagonal seat belts are included for all passengers and you can be assured that all aspects of *Spirit™* have been built in line with industry safety standards.

Key Features

Seating Layouts

Example layouts are shown below. Other permutations are available. Please ask your mobility advisor about your preferred seating option, to choose your ideal layout.

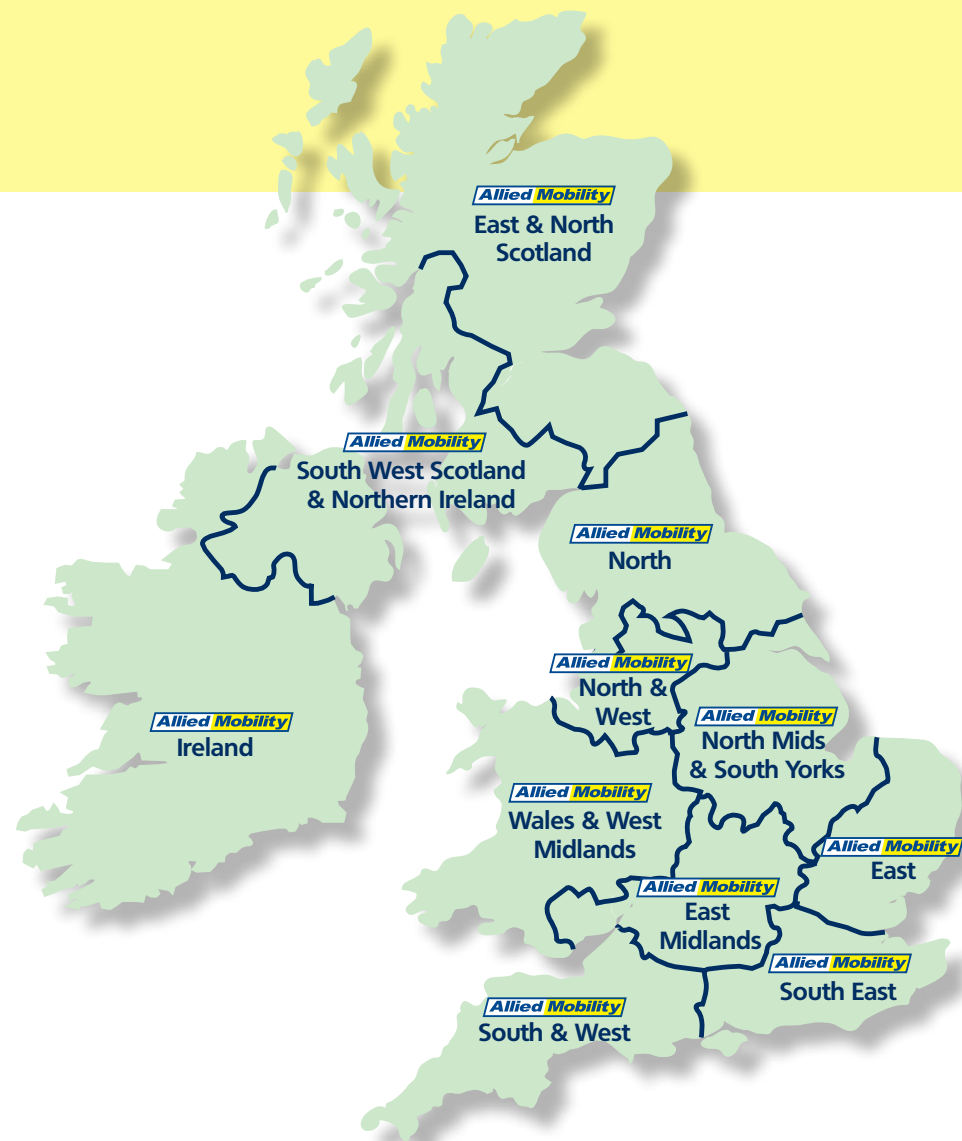

Reassuring Support

At Allied Mobility we know that meeting your expectations is the most important aspect of our business. As the leading supplier of wheelchair accessible vehicles to the UK and Ireland we've built an excellent reputation for providing quality, value and ongoing customer support.

It's important to choose the right mobility car to suit your needs, which is why we offer free, no-obligation home demonstrations throughout the UK and Ireland.

Your new *Spirit™* will be delivered direct to your home or business address. You're always assured of a friendly service from our highly trained professional staff. Available seven days a week, our customer service team is able to answer any product or Motability questions you may have. You'll also have access to a nationwide network of Peugeot service partners.
